

ACGC Program Directory

The following programs have received and are currently maintaining ACGC accreditation. All students entering a program that holds any accreditation status at the time of matriculation may apply to sit the American Board of Genetic Counseling certification examination.

Terminology

Accredited: a program that holds accreditation and has undergone at least one site visit and self-study.

Accredited, New Program: a program that holds accreditation and is within 4 years of having opened. These programs have not yet undergone a site visit and self-study.

Probationary Accreditation: a program that holds accreditation but has been identified by ACGC to have serious, pervasive problems that interfere with student training.
