

## Remediation Plan - 2025

### Remediation Plan

Accredited programs are required to submit a remediation plan if the average of the first-time board pass rate falls below 80% over a three-year period per Standard C2.1.

#### Instructions:

- Answer the questions below
- Click submit and notify the Executive Office at [info@gceducation.org](mailto:info@gceducation.org) upon submission.

#### C2.1

##### Student Performance on the ABGC Certification Examination

Programs must annually document and evaluate the performance of their alumni on the ABGC board certification examination.

#### Have you submitted a Remediation Plan in the previous academic year?

No

#### Q-1A

Briefly describe the process the Program uses to review board scores including which partner groups contribute and how programmatic changes are made. Examples of those who should provide input include the advisory board, alumni, etc.

#### Q-2A

Please discuss any contributing factors the Program has identified that may have contributed to the average first-time board pass rate falling below 80% over the past 3 years

#### Q-3A

Briefly describe the changes the program has made or plans to make to support students in passing the ABGC board exam (e.g., curricular changes, facilitating board study groups, providing access to board prep materials/courses).
