Q-1

Provide a comprehensive summary of the program's analysis of the factors that have contributed to the program's board pass rate. The analysis must include first time pass rates and may include overall pass rate. The analysis should include all the years in which the program has had a remediation plan in place.

Q-2

Describe the metrics the program uses to assess its remediation plan(s). What do these metrics tell the program about the remediation plan(s)? Describe how the program has used these metrics to evaluate and adjust its remediation plan(s) over the years.

Q-3

What additional changes, not previously reported, is the program planning to implement to reach the 80% pass rate?

Q-4

Please upload all previously submitted Remediation Plans.
